

## **ICMS Elections for the Executive Board 2019-2022**

**Do you want to reinforce your engagement with ICMS and shape the future of our organisation? I have been chosen as election officer and I have the pleasure to announce that the call for candidacies for the election of the Executive Board of ICMS 2019-2022 is now open!**

During the upcoming 45th ICMS Meeting which will take place in conjunction with the 25<sup>th</sup> ICOM General Conference in Kyoto, Japan, in September 2019, we will celebrate one of the key moments of the life of our organisation in terms of democracy and transparency: the election and renewal of the Executive Board of ICMS.

The responsibilities of the Executive Board, the elected head of the organisation, are implementing the strategies approved by the ICMS Business meeting and taking the necessary actions to implement its decisions. The Executive Board also oversees the various resources of ICMS and their development, while promoting ICMS's values of independence, professionalism and integrity.

From now to the end of May 2019, we invite ICMS members to submit their applications or nominations of other ICMS members, each accompanied by a Curriculum Vitae and a signed Letter of willingness. You find the forms for those papers just here on the ICMS website. All the procedures for the election are written in the "Rules of ICMS", Art.7/4. You find the rules for download at the ICMS website (ICMS Internal).

According to the rules there are the following members again eligible from the current Executive Board:

Anette Hansen  
Vernon Rapley  
Trygve Lauritzen

Please send your application / nomination via email to me ([h.j.harras@smb.spk-berlin.de](mailto:h.j.harras@smb.spk-berlin.de)) or as a postal letter to

Hans-Juergen Harras
