- Organic collection and documentation
- Expanding national collections

Case Studies

- [Jewish History Association of South Wales \(JHASW\)](#)
- [National Botanic Garden of Wales](#)
- [Cowbridge History Society](#)
- [Women's Archive Wales](#)
- [Mencap](#)

Conclusion

People's Collection Wales is a platform where the heritage of Wales, its people and traditions is being collected and shared.

For generations the public have only been invited to visit and consume at our museums. Earning their trust and getting them to engage and believe that their stories are valued is the biggest barrier facing museums today.
